DETAILED ACTION

Priority

1. Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

Preliminary Amendment

2. The preliminary amendment filed 5/26/06 in which claims 1-33 were canceled and claims 34-66 were added, has been noted.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Gregory J. Maier on 9/11/09. A voice mail was left in the attorney general mail box.

The application has been amended as follows:

In the claims:

- a) Claim 64, line 1, "41" has been changed to --61--.
- b) Claims 65 and 66, line 1, "47" has been changed to --60--.

Allowable Subject Matter

4. Claims 34-66 are allowed.
5. The following is an examiner's statement of reasons for allowance: although the prior art of record teaches systems and methods for authorization verification which include electronic

Art Unit: 2876

reproduction devices for generating authorization data to be compared with reference data, wherein access is granted when a matched is made, the prior art of record fails to disclose or fairly suggests time-synchronized alterations of reproduction attributes during the reproduction of the authorization data via the user interface of the first reproduction device to make dynamic changes in the authorization data. These limitations in conjunction with other limitations in the claims were not shown, would not have been obvious, nor would have been fairly suggested by the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

6. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. US 5,729,594; US 6,053,405; 6,237,786; 6,068,183; 6,101,483.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Daniel St.Cyr whose telephone number is 571-272-2407. The examiner can normally be reached on Mon-Fri.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Michael G. Lee can be reached on 571-272-2398. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
